If you may want to change to a different count fabric, a good reference for assistance is http://www.waldchamps.com/FABRIC%20CALCULATOR.htm. However, you may decide to change the color to your taste. Please remember to increase this figure for moulding.TASTE IS SUBJECTIVE! I strongly suggest you view all the colors before you do anything else and see if you like them before it is too late and I encourage you to change them to your taste. We all stitch for pleasure, we put a lot of effort into our project.Thank you for your purchase and I hope you enjoy stitching my design ... If you have questions/comments, kindly e-mail me at ... I´d be more than happy to assist if I can.
